December, 2010

## HEAVY DUTY EQUIPMENT

Various types of **Heavy Duty Equipment** are now available through the Joint Purchasing Program: backhoe loader, dozers, excavators, motor graders, skid steers, track loaders and wheel loaders. You will find these contracts posted at the [Illinois Procurement Bulletin](#) website:

T-Number **TRACTORS & FARM IMPLEMENTS, T6640**  
Contract Title **HEAVY DUTY EQUIPMENT**  
Term **11/03/10 – 11/02/11**

Contract Numbers/  
Manufacturers  
**4016551 – Caterpillar**  
**4016552 – New Holland**  
**4016553 – Bobcat**  
**4016554 – John Deere**  
**4016555 – Komatsu**

A great new feature of these contracts is the **GUARANTEED RESIDUAL SALVAGE VALUE** option. After 5 years of service, you have the option of returning the equipment and receiving a guaranteed percentage of the total cost. The GRSV percentage is shown with the line item descriptions in the contracts as well as the Heavy Duty Equipment section of the Joint Purchasing Program Vehicles list attached to the email cover page.

The GRSV will include the cost of modifications added to the equipment. The quoted price, with or without modifications, will then have the percent discount applied to determine the Guaranteed Residual Salvage Value:  
 $(Purchase\ Price + Optional\ Equipment) \times Residual\ Salvage\ Percentage = Guaranteed\ Residual\ Salvage\ Value$

## VEHICLES

The list of all vehicles currently available through Joint Purchasing is attached to the email cover page.
